SECTION 1. IDENTIFICATION

| Product identifier Product name | StriCore |
|---|---|
| Other means of identification Product code | 50002898 |
| Recommended use of the chen | nical and restrictions on use |
| Recommended use | Can be used as herbicide only. |
| | |
| Restrictions on use | Use as recommended by the label. |
| | |
| Details of the supplier of the sa | fety data sheet |
| <u>Manufacturer</u> | SePRO Corporation |
| | 11550 N. Meridian St. |
| | Ste. 600 Carmel IN 46032 USA |
| | 317-580-8282 |
| | 317-300-0202 |
| | |
| Emergency telephone | |
| | For leak, fire, spill or accident emergencies, call: |
| | 1 800 / 424-9300 (CHEMTREC - U.S.A.) 1 703 / 741-5970 (CHEMTREC - International) |
| | 1 703 / 527-3887 (CHEMTREC - Alternate) |
| | |
| | Medical emergency: |
| | U.S.A. & Canada: +1 800 / 331-3148 |
| | All other countries: +1 651 / 632-6793 (Collect) |

SECTION 2. HAZARDS IDENTIFICATION

| GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200) | | | | | |
|---|---------------|--|--|--|--|
| Flammable liquids | : Category 4 | | | | |
| Acute toxicity (Oral) | : Category 4 | | | | |
| Acute toxicity (Inhalation) | : Category 4 | | | | |
| Skin irritation | : Category 2 | | | | |
| Eye irritation | : Category 2A | | | | |
| Skin sensitization | : Category 1 | | | | |
| Reproductive toxicity | : Category 2 | | | | |

Version Revis 1.0 01/30

Revision Date: 01/30/2024

SDS Number: 50002898

Date of last issue: -Date of first issue: 01/30/2024

P370 + P378 In case of fire: Use dry sand, dry chemical or alcohol-resistant foam to extinguish.

Storage:

P403 + P235 Store in a well-ventilated place. Keep cool. P405 Store locked up.

Disposal:

P501 Dispose of contents/ container to an approved waste disposal plant.

Other hazards

Very toxic to aquatic life. Very toxic to aquatic life with long lasting effects.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Components

| CAS-No. | Concentration (% w/w) |
|-------------|---|
| 106700-29-2 | 46.9 |
| 64742-94-5 | >= 30 - < 50 |
| 97-64-3 | >= 5 - < 10 |
| 65-85-0 | >= 5 - < 10 |
| 26264-06-2 | >= 1 - < 5 |
| | 106700-29-2 64742-94-5 97-64-3 65-85-0 |

Actual concentration is withheld as a trade secret

SECTION 4. FIRST AID MEASURES

| General advice | : | Move out of dangerous area. Show this safety data sheet to the doctor in attendance. Symptoms of poisoning may appear several hours later. Do not leave the victim unattended. |
|-------------------------|---|---|
| If inhaled | : | Move to fresh air. If unconscious, place in recovery position and seek medical advice. If symptoms persist, call a physician. |
| In case of skin contact | : | If skin irritation persists, call a physician. If on skin, rinse well with water. If on clothes, remove clothes. |
| In case of eye contact | : | Immediately flush eye(s) with plenty of water. Remove contact lenses. Protect unharmed eye. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist. |
| If swallowed | : | Keep respiratory tract clear. |
| | | 3 / 36 |

| Version 1.0 | Revision Date: 01/30/2024 | | DS Number: 002898 | Date of last issue: - Date of first issue: 01/30/2024 |

| Protec | tion of first-aiders | : | and use the recor Avoid inhalation, | ers should pay attention to self-protection nmended protective clothing ingestion and contact with skin and eyes. posure exists refer to Section 8 for specific ve equipment. |
| Notes | to physician | : | Treat symptomation | cally. |

SECTION 5. FIRE-FIGHTING MEASURES

| Suitable extinguishing media | : | Dry chemical, CO2, water spray or regular foam. |
|---------------------------------------|---|--|
| Unsuitable extinguishing media | : | High volume water jet |
| Specific hazards during fire fighting | : | Do not allow run-off from fire fighting to enter drains or water courses. |
| Hazardous combustion prod- ucts | : | Hydrogen cyanide Hydrogen chloride Nitrogen oxides (NOx) Carbon oxides Fire may produce irritating, corrosive and/or toxic gases. Sulfur oxides |
| Specific extinguishing meth- ods | : | Remove undamaged containers from fire area if it is safe to do so. Use a water spray to cool fully closed containers. |
| Further information | : | Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. For safety reasons in case of fire, cans should be stored sepa- rately in closed containments. Use a water spray to cool fully closed containers. |

| Version | Revision Date: | | DS Number: | Date of last issue: - |

| | al protective equipment -fighters | : | Firefighters shoul breathing appara | d wear protective clothing and self-contained |

SECTION 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protec- : tive equipment and emer- gency procedures | Use personal protective equipment. Ensure adequate ventilation. Never return spills in original containers for re-use. Mark the contaminated area with signs and prevent access to unauthorized personnel. Only qualified personnel equipped with suitable protective equipment may intervene. For disposal considerations see section 13. |
|---|---|
| Environmental precautions : | Prevent product from entering drains. Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities. |
| Methods and materials for : containment and cleaning up | Contain spillage, and then collect with non-combustible ab- sorbent material, (e.g. sand, earth, diatomaceous earth, ver- miculite) and place in container for disposal according to local / national regulations (see section 13). Keep in suitable, closed containers for disposal. |

SECTION 7. HANDLING AND STORAGE

| Advice on protection against fire and explosion | : | Do not spray on a naked flame or any incandescent material. Keep away from open flames, hot surfaces and sources of ignition. |
|---|---|---|
| Advice on safe handling | : | Avoid formation of aerosol. Do not breathe vapors/dust. Avoid exposure - obtain special instructions before use. Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. Provide sufficient air exchange and/or exhaust in work rooms. Dispose of rinse water in accordance with local and national regulations. Persons susceptible to skin sensitization problems or asthma, allergies, chronic or recurrent respiratory disease should not be employed in any process in which this mixture is being used. |
| Conditions for safe storage | : | No smoking. Keep in a well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Observe label precautions. Electrical installations / working materials must comply with |

age stability

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

| Components | | CAS-No. | Value type (Form of exposure) | Control parame- ters / Permissible concentration | Basis | | |
|--|-----|---|--|--|----------|--|--|
| Solvent naphtha (petroleum), heavy arom.; Kerosine — un- specified | | 64742-94-5 | TWA | 200 mg/m3 (total hydrocarbon vapor) | ACGIH | | |
| benzoic acid | | 65-85-0 | TWA (Inhal- able fraction and vapor) | 0.5 mg/m3 | ACGIH | | |
| Personal protective equipme | ent | | | | | | |
| Respiratory protection | : | No personal re quired. | espiratory protec | tive equipment norma | ally re- | | |
| Hand protection | | | | | | | |
| Material | : | | ll resistant glove r nitrile rubber. | s, such as barrier larr | iinate, | | |
| Remarks | : | | The suitability for a specific workplace should be discussed with the producers of the protective gloves. | | | | |
| Eye protection | : | Tightly fitting s | Eye wash bottle with pure water Tightly fitting safety goggles Wear face-shield and protective suit for abnormal processing problems. | | | | |
| Skin and body protection | : | Choose body | Impervious clothing Choose body protection according to the amount and con- centration of the dangerous substance at the work place. | | | | |
| Protective measures | : | Plan first aid action before beginning work with this product. Always have on hand a first-aid kit, together with proper in- structions. Ensure that eye flushing systems and safety showers are located close to the working place. Wear suitable protective equipment. In the context of professional plant protection use as recom- mended, the end user must refer to the label and the instruc- tions for use. | | | | | |
| Hygiene measures | : | When using d | | a. d at the end of workd | ay. | | |

Aspiration toxicity

May be fatal if swallowed and enters airways.

Components:

pethoxamide (ISO):

No aspiration toxicity classification

Solvent naphtha (petroleum), heavy arom.; Kerosine — unspecified:

May be fatal if swallowed and enters airways.

Experience with human exposure

Components:

Solvent naphtha (petroleum), heavy arom.; Kerosine — unspecified:

Skin contact : Symptoms: Repeated exposure may cause skin dryness or cracking.

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

SECTION 15. REGULATORY INFORMATION

CERCLA Reportable Quantity

Listed substances in the product are at low enough levels to not be expected to exceed the RQ

SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

SARA 302 Extremely Hazardous Substances Threshold Planning Quantity

This material does not contain any components with a section 302 EHS TPQ.

| SARA 311/312 Hazards | • | No SARA Hazards |
|----------------------|---|---|
| SARA 313 | : | This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313. |

Clean Air Act

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

The following chemical(s) are listed under the U.S. Clean Air Act Section 111 SOCMI Intermediate or Final VOC's (40 CFR 60.489):

| benzoic acid | 65-85-0 | >= 5 - < 10 % |
|--------------|---------|---------------|
|--------------|---------|---------------|

Clean Water Act

The following Hazardous Substances are listed under the U.S. CleanWater Act, Section 311, Table 116.4A:

| benzoic acid | 65-85-0 | >= 5 - < 10 % |
|---------------------|------------|---------------|
| calcium dodecylben- | 26264-06-2 | >= 1 - < 5 % |
| zenesulphonate | | |

The following Hazardous Chemicals are listed under the U.S. CleanWater Act, Section 311, Table 117.3:

| benzoic acid | 65-85-0 | >= 5 - < 10 % |
|---------------------|------------|---------------|
| calcium dodecylben- | 26264-06-2 | >= 1 - < 5 % |
| zenesulphonate | | |

| Version | Revision Date: | SDS Number: |
|---------|----------------|-------------|
| 1.0 | 01/30/2024 | 50002898 |

Date of last issue: -Date of first issue: 01/30/2024

This product does not contain any toxic pollutants listed under the U.S. Clean Water Act Section 307

This product does not contain any priority pollutants related to the U.S. Clean Water Act
